Daily Schedule						
	Sunday July 20 Monday July 21			Tuesday July 22		
		Tennessee	Aquarium	Banquet A/B		
8:00				Turtle Survival Alliance - Opening Address and Global Update MARC DUPUIS-DESORMEAUX		
8:25				TFTSG - Update		
			Wlb	CRAIG STANFORD		
0.40			Workshop:	Keynote Address:		
8:40			Care and Recovery of	Working with Animals Bradley Trevor Greive		
			Confiscated			
9:25		Turtles	Myanmar Program Update (2024-25): Endeavoring to Persevere Amid Chaos			
3.23			With David Collins	STEVEN PLATT		
9:45				2025: Potentially a Very Significant Year for Turtle Regulations		
10:00				PETER PAUL VAN DIJK Break & Posters		
10.00						
10:15			Workshop:	The Atlas of Turtle Genomes for Conservation (ATGC): From Concept to Action NATALIA GALLEGO-GARCÍA		
10:45			Wildlife	Where Is This Turtle From (and Where Should I Release It)? BRAD SHAFFER		
			Photography With			
11:15			Scott Trageser	Conservation Ecology and Research Priorities for Australian Freshwater Turtles		
				DEBORAH BOWER AND ARTHUR GEORGES		
12:00			Break	Lunch 12:00 - 13:15		
13:00						
13:15		Wet Lab: Field	Workshop:	A 2025 Monitoring Update on Reintroduced Radiated Tortoises in Southern Madagascar LANCE PADEN		
13:30		Necropsies and	3D Printing	The National Recovery and Conservation Action Plan for Kenya: 2025-2035 DOMINIC MARINGA		
13:45		Sample Collection/	With Scott Trageser	A Conservation Crisis: The Vallarta Mud Turtle		
14:00		Handling	and Nathan Haislip	TAGGERT BUTTERFIELD		
14:15				Conservation Strategy for the Vallarta Mud Turtle at Guadalajara Zoo María Martínez		
14:30				Break & Posters		
14:45				Engaging Citizens in Turtle Conservation: The 1 Million Turtles Program		
15:00				RICKY SPENCER		
45.45			Workshop:	Does a Lack of Juveniles Indicate a Threat? Understanding Body Size		
15:15			Social	Distributions in Turtles DONALD MCKNIGHT		
15:30			Science and Behavior	Turtles on the Edge: Regional Action and Innovation for Critically Endangered		
15:30			Change for Conservation	Species in the Burnett Mary Rivers TOM ESPINOZA		
15:45	Group Experience with		With	Wild, Rewilded, or Introduced? Defining Populations in IUCN Red List Assessments		
15.45	the Chattanooga Ducks		Human	ASSESSMENTS RICH BAXTER		
16:00			Nature Group			
17:30				Break		
18:00	0 (Tennessee		xer Social Aquarium) -21:00)	Drink Beer. Save Turtles.® Naked River Brewing Co. (18:00-22:00)		

	Daily Sched	lule			
	Wednesday July 23 – Banquet A	Wednesday July 23 – Banquet B			
8:30	Morning Announcements	Morning Announcements			
	Down Under	Ecology Under Pressure			
8:45	Conservation of the Pig-Nosed Turtle in the Daly River, Australia SEAN DOODY	Changes in Abundance of Three Turtle Species Associated With Degradation of a Spring-Fed River ETHAN HANCOCK			
9:00	Impacts of Harmful Algal Blooms on Australian Freshwater Turtles KYRA SULLY SULLIVAN*	Southern River Terrapin: Ecological Movements and Survivorship SITHA SOM			
9:15	The Ecology of Gulf Snapping Turtles and Diamond Head Turtles at Lawn Hill Gorge DEB BOWER	Change in Habitat and Turtle Abundances on a Barrier Island After Consecutive Storm Surge Events in Southwest Florida CHRIS LECHOWICZ			
9:30	A Flood of Information: Impacts of Nest Inundation on Endangered Western Saw-Shelled Turtles ERIC NORDBERG	Ecological and Morphological Shifts in Eastern Musk Turtles in Response to Invasive Snail Species in a Central Texas Spring Ecosystem ETHAN OWEN*			
9:45	Empowering the Next Generation: School-Based Turtle Conservation as a Scalable Model for Proactive Species Recovery RICKY SPENCER	The Roles of Transient Dynamics and Environmental Variability in Persistence of Central American River Turtle Populations ROB KLINGER			
10:00	Scaling Turtle Conservation: Floating Islands, Basking Platforms, and Turtle Hubs as Tools for Australia-Wide Recovery and Monitoring RICKY SPENCER	Evaluating the Wood Turtle as an Umbrella Species for Riparian Biodiversity in Massachusetts MICHELA COURY			
10:15	Break & Posters	Break & Posters			
-	Kinosternid Investigations	Shell Science			
10:30	Ecology and Demography of Small- and Large-Bodied Sonora Mud Turtles in Two Isolated Mountain Ranges PAUL STONE	Problems in Current Morphological Character Selection in the Analysis of Turtle Phylogeny ASHER LICHTIG			
10:45	Life-History Trait Values of Small- and Large-Bodied Sonora Mud Turtles in Two Isolated Mountain Ranges JUSTIN CONGDON	Multivariate Sexual Size Dimorphism in the Florida Softshell Turtle ERIC MUNSCHER			
11:00	Demography of Jalisco Mud Turtle in an Urban Environment RODRIGO MACIP-RÍOS	Turtles are Pareto Distributed ROSS KIESTER			
11:15	Deep in the Heart of <i>depressus</i> : A Bright Spot in a <i>depressus</i> Landscape SEAMUS O'BRIEN*	Symbiotic Associations of Epizoic Autotrophs and Non-Marine Chelonians: Geography, Diversity, and Ecology PATRICK BAKER			
11:30	A Phylogenetic-Comparative Approach to Reproductive Traits in the Kinosternidae Family FERNANDO DANIEL ANTELO BARBOSA*	Shallow Lakes and Deep Gorges: Are Morphotypes of Kuchling's Snake- Necked Turtle Related to Different Growth Patterns? GERALD KUCHLING			
11:45	Somatic Growth of Musk Turtles Across North America ZACHARY SIDERS	The Utilization of Functional Traits in Determining Dissimilarities Between Freshwater Turtle Taxa LILLIAN SELF*			
12:00	Lunch 12:00-13:15	Lunch 12:00-13:15			
	Status Check	Form, Function, and Fate			
13:15	Assessing Population Structure and Conservation Priorities for the Western Pond Turtle on California Military Installations EMILY ASCHE*	Demographic, Dietary, and Growth Differentials of Two Blanding's Turtle Populations ~20 km Apart in Eastern Massachusetts CARA MCELROY			
13:30	Investigations Into the Range and Population Dynamics of Five Species of Kinosternids in Guatemala LAUREN AUGUSTINE	Ancestral State Reconstruction of Aestivation in Freshwater Turtles and Tortoises RAÚL LÓPEZ*			
13:45	Wetland Occupancy of Western Chicken Turtles in Oklahoma ETHAN HOLLENDER*	Age Structure, Relatedness, and Patterns of Parentage in Sierra Box Turtle TAGGERT BUTTERFIELD			
14:00	Tripolitanian Tortoise: A New Taxon Discovered in the Pet Trade STEPHEN POTERALA	Baby Got Bite: Defensive Kinematics of the Northern Giant Musk Turtle THOMAS ZAPLETAL*			
14:15	Assessing the Conservation Status of the Yucatan Box Turtle CARLOS MAURICIO DELGADO MARTÍNEZ*				
14:30	Break & Posters	Break & Posters			
14:45	Alligator Snapping Turtles Ecology of an Urban Population of Alligator Snapper Turtles ANDREW COLEMAN	Beyond Biology Ten Years of Post-Mortem Analysis Results at A Cupulatta Park, France PIERRE MOISSON			
15:00	Capitalizing on Captivity: Insights From Years of Research on a Captive Breeding Population of Alligator Snapping Turtles DENISE THOMPSON	Ranavirus (Frog Virus 3) Identified in Missouri Turtle Species, With a Focus on Three-Toed Box Turtles JAMIE PALMER			
15:15	Documenting Hook Ingestion and Clutch Size in the Alligator Snapping Turtle Using Metal Detector and Portable X-Ray LUKE PEARSON	Characterizing Current and Potential Turtle Consumers: Identifying Drivers of Demand in the United States ZOIE MCMILLIAN*			
15:30	Oklahoma Alligator Snapping Turtle Distribution Surveys DEREK BATEMAN*	Keeping Turtles and Conservation Karma: An Ethical Dilemma MICHAELA MULLEN			
15:45	Territoriality of Alligator Snapping Turtles PATRICK DELISLE*	The World Book of Turtle Conservation TONY MONAHAN			
17:00 - 19:00	Poster Session Social and Book Signings				
20:00 - 21:30	Movie Night: Turtle	Documentary Screening			

^{*} Student Considered for Student Awards Competition

	Daily Sched	
	Thursday July 24 – Banquet A	Thursday July 24 – Banquet B
8:30	Morning Announcements	Morning Announcements
	Integrated Approaches	Turtles of the Southeast
8:45	Construction vs. Conservation: Hands-On Approach to Turtle Rescue	Importance of Turtle Biodiversity in the Southeastern United States
0	OLIVIA LOBALBO	MICHAEL SKIBSTED*
0.00	Co-Development of Best Management Practices for Landowner	Ouacha" Doin' Here? Distribution and Abundance of the Invasive
9:00	Engagement With Eastern Box Turtle Conservation	Ouachita Map Turtle in the Coosa River
	TOM AKRE Buddhist Monk Outreach for Turtle Conservation: Bridging Faith and	GROVER BROWN The Status of Louisiana's Reptile and Amphibian Regulations, With an
9:15	Conservation	Emphasis on Native Turtles
7.13	CHRISTEL GRIFFIOEN	KERI LEJUENE
	Bringing Nature Back Into Business: Using Ecology to Enhance	Preliminary Surveys of Eastern Chicken Turtles in Mississippi, and Futur
9:30	Economics Education	Study Goals
	RACHEL BEHRMANN	DAVID POUNDERS*
	Turtle Conservation Through Land Acquisition: The Case of Cuatro	Gopher Tortoises Along Florida's Roads: Pushed From Unsuitable Habita
9:45	Ciénegas	or Spillover From Source Populations?
	CRAIG STANFORD	Elijah McEuen*
10:00	Chelonians of Jordan: Species Status and Threats to Their Habitats	Movements of Two Cooters (<i>Pseudemys</i>) in a Spring-Fed System
	ABEER BILBEISI	ERIC MUNSCHER
10:15	Break & Posters	Break & Posters
	Eyes in the Field	Seeing Spots
10.20	Canine Conservationists: Tips on Training and Utilizing Detection	Assessing Silviculture Drainage Ditches as Viable Surrogates for Wetland
10:30	Dogs to Protect Turtle Populations	Supporting Turtle Diversity in the Southeastern U.S.
	THOMAS WILSON	JOEL MOTA*
10.45	Drones as a Viable Method of Conducting Basking Surveys and	Chasing Swamp Ghosts: Investigating the Ecology of Spotted Turtles in the
10:45	Collecting Habitat Data NOAH DEVROS*	Deep South
	Knockin' on Tortoise Doors: Coastal Gopher Tortoise Behavior and	HOUSTON CHANDLER Land Cover Change Around Spotted Turtle Localities in North Carolina'
11:00	Community Ecology	Piedmont Indicate Rapid Urbanization and Forest Loss
11.00	ALEXANDER JANSZEN	EMMA WILSON*
	Assessing Española Giant Tortoise Introduction Impact on Santa Fe	
11:15	Island With Remote Sensing and Behavioral Models	Population Ecology of Spotted Turtles in Two Isolated Illinois Wetlands
		MICHAEL DRESLIK
	CHARLES LEHNEN*	WICHALL BRESLIK
		MICHAEL DIESEIK
11:30	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models	MICHAEL DIESEIK
11:30	Quantifying the Largest Known Aggregation of Giant South American	MICHAEL DIESEIK
11:30 11:45	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models	Lunch 11:45-13:15
	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15	
	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise
11:45	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiate.
	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise
11:45	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON
11:45	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities
11:45	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS Unlocking Development and TSD Parameters of Red-Headed Amazon River Turtle Under Oscillating Incubation Temperatures DAVID DRAJESKE	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities HERY LOVA RAZAFIMAMONJIRAIBE
11:45 13:15 13:30	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS Unlocking Development and TSD Parameters of Red-Headed Amazon River Turtle Under Oscillating Incubation Temperatures DAVID DRAJESKE Integrating Technology and Husbandry Innovations to Improve	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities HERY LOVA RAZAFIMAMONJIRAIBE Incorporating Pre-release Health Protocols in the Radiated Tortoise
11:45	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS Unlocking Development and TSD Parameters of Red-Headed Amazon River Turtle Under Oscillating Incubation Temperatures DAVID DRAJESKE Integrating Technology and Husbandry Innovations to Improve Overwintering Success in Rehabilitating Native Turtles	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities HERY LOVA RAZAFIMAMONJIRAIBE Incorporating Pre-release Health Protocols in the Radiated Tortoise Reintroduction Program
11:45 13:15 13:30	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS Unlocking Development and TSD Parameters of Red-Headed Amazon River Turtle Under Oscillating Incubation Temperatures DAVID DRAJESKE Integrating Technology and Husbandry Innovations to Improve Overwintering Success in Rehabilitating Native Turtles LINDA NICHOLS	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities HERY LOVA RAZAFIMAMONJIRAIBE Incorporating Pre-release Health Protocols in the Radiated Tortoise Reintroduction Program JAMIE PALMER
11:45 13:15 13:30	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS Unlocking Development and TSD Parameters of Red-Headed Amazon River Turtle Under Oscillating Incubation Temperatures DAVID DRAJESKE Integrating Technology and Husbandry Innovations to Improve Overwintering Success in Rehabilitating Native Turtles LINDA NICHOLS Running Turtle Rescue Centre – Challenges and Chances	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities HERY LOVA RAZAFIMAMONJIRAIBE Incorporating Pre-release Health Protocols in the Radiated Tortoise Reintroduction Program JAMIE PALMER A High Density of Tortoises: The Tortoise Reserve in Cap Sainte-Marie
11:45 13:15 13:30 13:45	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS Unlocking Development and TSD Parameters of Red-Headed Amazon River Turtle Under Oscillating Incubation Temperatures DAVID DRAJESKE Integrating Technology and Husbandry Innovations to Improve Overwintering Success in Rehabilitating Native Turtles LINDA NICHOLS	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities HERY LOVA RAZAFIMAMONJIRAIBE Incorporating Pre-release Health Protocols in the Radiated Tortoise Reintroduction Program JAMIE PALMER A High Density of Tortoises: The Tortoise Reserve in Cap Sainte-Marie TOJOTANJONA PATRICK RAZANAPARANY
11:45 13:15 13:30 13:45 14:00	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS Unlocking Development and TSD Parameters of Red-Headed Amazon River Turtle Under Oscillating Incubation Temperatures DAVID DRAJESKE Integrating Technology and Husbandry Innovations to Improve Overwintering Success in Rehabilitating Native Turtles LINDA NICHOLS Running Turtle Rescue Centre – Challenges and Chances	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities HERY LOVA RAZAFIMAMONJIRAIBE Incorporating Pre-release Health Protocols in the Radiated Tortoise Reintroduction Program JAMIE PALMER A High Density of Tortoises: The Tortoise Reserve in Cap Sainte-Marie TOJOTANJONA PATRICK RAZANAPARANY Flood Response and Management at the Lavavolo Tortoises Center: Wha
11:45 13:15 13:30 13:45	Quantifying the Largest Known Aggregation of Giant South American River Turtles with Drones and Mark-Resight Models GERMÁN FORERO-MEDINA Lunch 11:45 - 13:15 Conservation in Captivity Notes and Observations on Map Turtles (Graptemys) From Captivity STEVE ENDERS Unlocking Development and TSD Parameters of Red-Headed Amazon River Turtle Under Oscillating Incubation Temperatures DAVID DRAJESKE Integrating Technology and Husbandry Innovations to Improve Overwintering Success in Rehabilitating Native Turtles LINDA NICHOLS Running Turtle Rescue Centre – Challenges and Chances THUY NGUYEN	Lunch 11:45-13:15 AZA SAFE: Radiated Tortoise Overview of the AZA Saving Animals from Extinction (SAFE): Radiated Tortoise Program STEPHEN NELSON TSA Madagascar: Advancing Sustainable Conservation by Building on Successes, Overcoming Challenges, and Embracing Opportunities HERY LOVA RAZAFIMAMONJIRAIBE Incorporating Pre-release Health Protocols in the Radiated Tortoise Reintroduction Program JAMIE PALMER A High Density of Tortoises: The Tortoise Reserve in Cap Sainte-Marie TOJOTANJONA PATRICK RAZANAPARANY Flood Response and Management at the Lavavolo Tortoises Center: What We Have Learned

Poster Presentations					
(Convention Center Rotunda) Poster Session Social—Wednesday, July 23rd at 17:00					
A Three-Year Review (2023–2025) of Mortality Patterns and Management Challenges for Confiscated Radiated and Spider Tortoises in Madagascar KOLOINA MITIA ANDRIANANTENAINA	Ten Years of Tortuga Crew: Reflecting on a Decade of Undergraduate Turtle Research BENJAMIN ATKINSON				
Demographics and Population Viability Analyses of Several Freshwater Turtle Species in Mississippi KATHERINE BRANDEWIE*	Building a Collaborative Network to Enhance Conservation and Management of the Spotted Turtle in the Southeastern U.S. ANDREA COLTON				
Modifying Spotted Turtle Standard Survey Protocol for Data Depauperate Systems in the Southeastern USA ELIZABETH HOWELL CULP*	Initial Survey of Freshwater Turtle Assemblages at Thirteen Nature Preserves in Northeastern Illinois CLAIRE E. DIETRICH				
Comparative Analysis of Home Range Estimation Methods in the Chaco Tortoise María Eugenia Echave*	Movement Patterns of the Vallarta Mud Turtle UBALDO SEBASTIÁN FLORES-GUERRERO				
Monitoring Accumulation and Potential Effects of per- and Polyfluoroalkyl Substances (Pfas) in Diamondback Terrapins Along the Atlantic Coast DAVID LEE HASKINS	Look at All Those Chickens! The Search for Western Chicken Turtles in the Arkansas River Valley, Arkansas, USA ELIZABETH HAYS*				
Assessing Northern Raccoon Density Impacts on North American Wood Turtle Abundance REBECCA HIPPENSTEEL*	Microhabitat and Thermal Use of Eastern Box Turtles in Northeastern Georgia NATALIE HYSLOP				
Distribution and Abundance of Ringed Sawbacks in the Pearl River Drainage of Mississippi, USA MCAULAY JAUNSEN*	High-Resolution GPS Data and CTMM Modeling Refine Estimates of Habitat Use in Eastern Box Turtles MARK S. KETNER				
Physiological Indicators of Stress in the Chaco Tortoise: Seasonal Variations and Effects of Acute Stress ERIKA KUBISCH	Developing a Multi-faceted Approach to Long-Term Monitoring of Urban Turtle Populations at John Ball Zoo FAITH KUZMA				
Turtles in Troubled Waters: Mapping Vessel Risk to Green Sea Turtles in an Industrialized Bay HOPE K. LOVICH*	Ruthless Dunes or Turtle Paradise: Gopher Tortoise Burrow Surveys in Northeast Florida SANDRA MARSHALL*				
Changes to the Suitability of Wetland Habitats for Spotted Turtles in Ohio BRANDON T. MAWHINNEY*	Maximum Body Size in Central American River Turtles DONALD T. McKnight*				
Trap Size Preference and Temporal Capture Patterns of Freshwater Turtles in North Carolina, USA FENTON McKown*	Monitoring Two Major Threats of the Critically Endangered Vallarta Mud Turtle: Road Kills and Poaching HECTOR ANDRÉS MEDINA-ANDRADE				
Fecal Analysis of Eastern Box Turtles in Northeast Georgia Across Native and Invasive Dominated Habitats JENNIFER L. MOOK	Growth of Captive Yellow-bellied Sliders Fed on a Natural Diet and Commercial Pellets HAI NGUYEN*				
Monitoring Pathogens in Radiated Tortoise in Madagascar From 2023 to 2025 RINDRA NAVALONA RAKOTOBE	A Strategic Roadmap for the Conservation of Endangered Tortoises in Southern Madagascar, With a Focus on Enhancing Conservation Areas SEHENO RAMANANTSOA*				
River-Reach Demography of the Southwestern Pond Turtle: Early Insights From a County-Wide Monitoring Program KYLIE RUDE	Documenting the History of and Personalities Behind Turtle Conservation and Research Through the CheloniaCast Podcast MICHAEL A. SKIBSTED AND PAUL CUNEO*				
Nose to Knowledge: Wildlife Detector Dogs and Their Implementation in Turtle Conservation HUNTER SMITH	From Captivity to Independence: The Journey of Headstarted Eastern Box Turtles Undergoing Soft Release AVA SWEENEY*				
Movement Ecology and Predation Risk: An Analysis of Co-occurring Raccoons and North American Wood Turtles in an Actively Managed Landscape ERIN TRIMPE*
